AI & Cybersecurity: Prompt Engineering, AI API Integration, LLM & RAG, AI Fundamentals, Cybersecurity

Systems & IT Support: Windows Server, Software Installation & Configuration, Technical Support, Network Troubleshooting

Additional: Java, Web Design, Robotics, Microsoft Office (Excel, Word, PowerPoint)

PROFESSIONAL EXPERIENCE

Full-Stack Web Development Intern — *The Digital Hub, UNRWA* June 2026 – Sep 2026

- Built projects using modern frontend and backend technologies.
- Applied Agile methodology, Git/GitHub workflows, REST APIs, databases, and deployment pipelines.

IT Technician, KFW Program — *UNRWA* Dec 2025 – Feb 2026

- Provided technical support for hardware, software, and network issues across the organization.
- Installed, configured, and maintained IT systems to ensure reliable daily operations.

Web Developer & IT Trainer — *SHAHD Association* Sep 2021 – Feb 2023

- Developed and launched the association's official website and mobile application.
- Delivered web development and digital literacy training sessions to staff and community members.
- Provided networking, Windows Server administration, and cybersecurity support.

PROJECTS

Highlighted below are 3+ of my key projects — visit my [Portfolio](#) to see all projects.

Pharmanex — *Django, DRF* (Deployed on Render)

- Built Pharmanex, a full-stack pharmacy management system unifying medicines, inventory, purchases, prescriptions, sales, payments, returns, and reporting into one connected platform.
- Designed role-based permissions and shared transaction/stock history so each staff member sees only relevant work while keeping daily operations organized and traceable.

Talabaty — *React, Express.js, TypeScript, MongoDB, JWT* (Live)

- Developed a food ordering application with a React frontend and an Express.js REST API backend, delivering a fast, intuitive user experience.
- Implemented JWT-based authentication and deployed the backend on Render with the frontend hosted on Netlify.

Travelia — *Next.js* (Live)

- Built a travel guide and booking platform with Next.js, featuring a clean, responsive UI.
- Designed itinerary and listing management features to deliver a smooth end-to-end booking experience.

EDUCATION

Bachelor of Science in Information Technology October 2020 – August 2023

Lebanese International University (LIU) – Rayak | GPA: 3.78 / 4.0

CERTIFICATIONS

- CCNA 1, 2, 3 & 4 | Cisco Networking Academy
- UNICEF Training Workshops
